

Insurance Made Boo-tiful!!

Granite Insurance is excited to announce that we will be rolling out a new insurance program designed specifically for the Haunted Attractions Industry. We have developed an advisory board consisting of leaders in the Haunted Attraction Industry to offer customized coverages that are applicable and exclusive to your operation. The best thing about this new program is, you will now be able to rate, bind coverages, and issue certificates **ALL ONLINE!** We are excited to start this partnership with you!

“

The Haunted Attraction space is a natural transition for us with the amount of Adventure & Entertainment expertise we have within our organization. This has been an industry that has struggled from an insurance & risk management perspective for the last several years. We are absolutely thrilled about the opportunity to change that, and help this industry succeed!
